Hi Everyone,

I think we need to reschedule for Wednesday afternoon, preferably for 2pm – 4pm. We are confirmed for the Carrie Gosch Shool, though. I'll send out a call in shortly. Please let me know if you have any problems. Thanks again.

Best,
 Leo

Hi Everyone,

I think the necessary EPA personnel should be available on Tuesday, and have confirmed that we can meet at the Carrie Gosch building. I'd like to float a start time of 10 am, but of course we can change that as necessary. I'll update this with a call in number next week.

Please forward this invite to anyone else you feel is necessary.

The originating emails are included below. Thanks!

Best,
 Leo

Hi Beth,

Thanks for setting this up. I think we're tentatively good with a Tuesday meeting, although I'm waiting for just a few more people to get back to me with their availability (the whole thing might shift to Wednesday, though hopefully not).

That said, I wanted to ask if you planned for this meeting to be held in person or over the phone. EPA will actually be doing a walkthrough of the Carrie Gosch school on Monday, and we may be able to use it to meet on Tuesday. That might let the city and EPA contractors get to know each other a little better, but we'll leave the decision to you. Please let me know you think.

Given the quick turnaround on this, some things may be subject to change. If that happens, I will let you know as soon as I find out. Either way, I'm sure there will be follow up on Monday.

Thanks again!

Best,
Leo

Good afternoon everyone:

I would like to set up a meeting among IDEM, EPA, East Chicago and IFA to put together a plan of action for coordination of work on soil excavation and lead line replacement in the City over the summer. The intent is to put together a playbook to lay out roles, responsibilities contacts etc. for our work throughout the summer of 2017. Please include anyone I have missed. Can we look at the 11th or 12 right now? Any time on those dates works for me. Thank you all in advance for being part of this process. I look forward to working with everyone!

Beth
